

REMARKS

Applicants' attorney thanks the Examiner for the careful consideration given to this case. The foregoing claim amendments place this application in condition for allowance.

In response to the claim rejections under 35 USC 112, second paragraph, it is confirmed that each of the Examiner's suggestions in paragraph 3 have been adopted with the following further changes. Claim 4 has been amended as proposed by the Examiner with the addition of alkylene glycol esters as disclosed at page 14, line 5 and set forth in original claim 4. Claim 5 has been amended as proposed by the Examiner with the addition of the alkylene glycol esters as set forth in original claim 5. Accordingly, the claim rejections are overcome.

The claims have also been amended to incorporate the subject matter of claim 12 into claim 1. Claim 12 was previously indicated to be allowable. Accordingly, claims 1 - 11 and 13 - 17 are also in condition for allowance.

For the foregoing reasons, the application is in condition for final allowance and such action is requested.
